

AP HUMAN GEOGRAPHY Summer Assignment

Please email Mrs. Dronberger at the class email: aphugger@gmail.com to request the summer assignment and course syllabus. Email is used throughout the year as a means to send missed assignments and reminders and so on directly to the students. We also want to encourage a college-like atmosphere and therefore ask that the students in the course use their email to request the assignment. If parents would like to be included on their child's email contact list, the student can give Mrs. Dronberger that information upon the request for the summer assignment.
